# PHONE FOR THE SEARCH FOR HELP

## SOLIDARITY INSTEAD OF PANIC BUYING

**We are establishing a solidarity network for coronavirus sufferers and risk patients in Hannover. The network is intended to bring people affected by isolation/quarantine together with people who want to show solidarity and support. Whether shopping, taking dogs for a walk, looking after children or other small things: we try to connect people who help and those seeking help.**

**YOU ARE AN AFFECTED OR RISK PATIENT AND NEED SUPPORT?**

**+49 1525 7878124**

We help regardless of origin, gender or sexual orientation. What we need now is solidarity, mutual support and cohesion even in isolation. Because we may distance ourselves spatially, but socially we stand together in solidarity. Solidarity instead of panic buying.
